

The Revolutionary

i·look[®] Banner Stand

No more worry about banners retracting into the housing by mistake, and not being able to take the graphic out. The i·look banner stand is the only retractable banner stand that has an **open top housing feature** to prevent any installation nightmare. You will love this revolutionary stand. No more double sided tape or Velcro to attach the graphic. The i·look patented graphic mounting system makes installation and changing graphics trouble free.

Padded Bag

Manufactured with the highest quality materials, this beautiful looking system will enhance your presentation. And best of all, you do not have to worry about any hardware glitches at the time of presentation. It is truly a worry-free banner stand.
